

CalcularArestas

LerFicheiroBinario

CriarAresta

```
graph LR; A[CalcularArestas] --> C[CriarAresta]; B[LerFicheiroBinario] --> C;
```

The diagram illustrates a flow where two separate processes, 'CalcularArestas' and 'LerFicheiroBinario', both lead to a single process, 'CriarAresta'. The boxes for 'CalcularArestas' and 'LerFicheiroBinario' are white with black borders, while the box for 'CriarAresta' is gray with a black border. Blue arrows indicate the direction of the flow from left to right.
